FAST GRIPPING WITH INTERCHANGEABLE JAWS

A GRIPPING FOR SPECIFIC SHAPES

FUNCTION

The quick interchangeable jaws gripping allows samples to be kept in position without damaging them.

● Adaptable

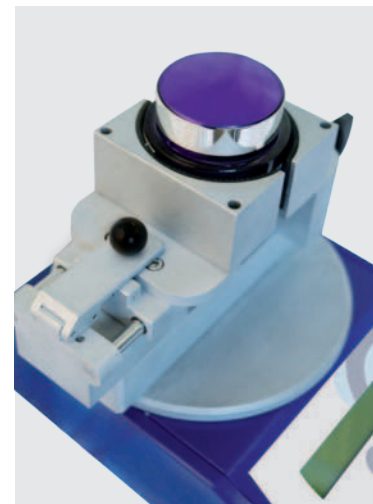

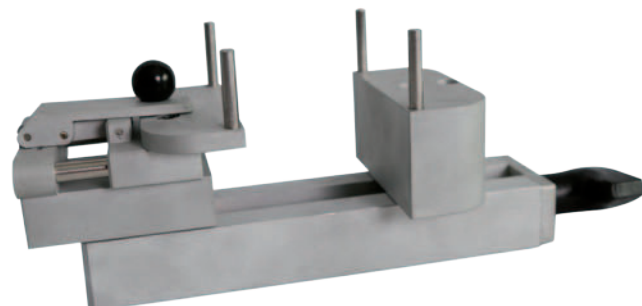

Thanks to its different standard or custom-made shapes, it **adapts to all types of products**. From cosmetic cream jars to ball deodorants going through perfume bottles of all shapes and cans.

● Quick

With its toggle clamp system, this gripping allows you to **quickly** change the sample without touching the pre-set setting. Similarly, for the series change, **the removable jaws change in few seconds**.

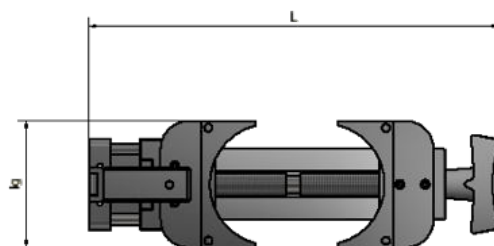

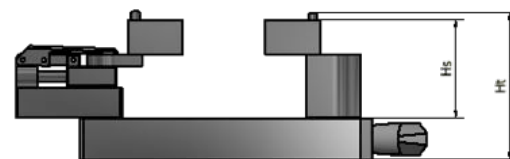

● Evolutionary

Furthermore, jaws can be custom-made to match the shape of the product to be tested.
